## **Course Accreditation Document (CAD):**

This Course Accreditation Document is prepared to standardize the format for the accreditation / re-accreditation of courses under the National Quality Assurance Framework (NQAF) and for the registration of the accredited / re-accredited qualifications under the National Qualifications Framework (NSQF).

The two parts of this document as follows:

- **Part A:** Provides information on the Qualification Standards;
- **Part B:** Includes details of the pro-forma / templates for accreditation / re-accreditation. It guides the Skills Training Provider (STP) to accomplish the required documents for registration of the qualification;

## **Part A:**

### **Qualification Standards: National Skills Certificate in Digital Marketing, NSQF Level – 3**

#### **I. Introduction**

The Qualification Standards (QS) is a nationally-recognised specification to achieve a qualification. It details the level of training, experience and practice required to achieve the standard of competency. It provides the basis for the development of strategies for competency-based training and assessment by a Skills Training Provider (STP)

#### **The Qualification Standards aims to:**

- a. Provide guidelines to National Skills Development Authority (NSDA) to accredited Skills Training Provider (STP);
- b. Serve as standard for the training providers to delivery competency-based training;
- c. Arrange basis of assessment and certification for skilled workers;

#### **II. Contents of the Standard**

Section 1: Qualification Title

Section 2: Course Structure

Section 3: Purpose of the Qualification

Section 4: Training Standards

4.1 Training Delivery modes

4.2 Trainee's entry requirements

4.3 Required training supplies, materials, tools and equipment

Website: [www.nstda.gov.bd](http://www.nstda.gov.bd)

### 5. Standard Setting Body (ISC)

*State the name and address of the standard setting body responsible for the industry sector*

*(Include Street / Postal, Phone and E-mail address).*

## Section 2: Course Information

### 1. Nomenclature

#### 1.1 Name of the Course:

State the name(s) of the course(s) included in this document. The title of the course must accurately reflect the contents and outcomes of the course including the qualification awarded on successful completion of the course. The name of the course should meet the relevant Standard for Accreditation of courses.

#### 1.2 Nominal Duration of the Course

State the nominal duration of the course in hours. [The nominal duration of the course will indicate the number of hours of Off-the-Job training at the STP. In addition to Off-the-Job training, the course may contain On-the-Job (i.e., workplace based) training. The nominal duration of the course (Off-the-Job and On-the-Job) should be in accordance with the national guidelines.

- The length of training required for achieving a given level of the qualification could vary from occupation to occupation. For example, welding competencies may take a longer time to develop than machine operations competencies. The duration proposed for each qualification, though nominal, must be based on a clear and sound logic.
- The recommended Off-the-job training for a National Qualification Framework (NSQF) Level 1 course is a minimum of 360 learning hours. A higher level NSQF course must have at least 270 hours of additional learning for each higher NSQF level. For example, a Level 2 NSQF course will have  $(360 + 270 =)$  630 hours of learning and a Level 3 NSQF course will have  $(360 + 270 + 270 =)$  900 learning hours.
- The recommended work experience/On-the-Job training is a minimum of 160 hours for a NSQF Level 1 course, and 216 hours for each higher NSQF level course.
- If the length of the Off Job and/or On Job training is more than the recommended minimum, there must be adequate justification. Very strong justification is required if the nominal duration of the course is more than 20% of the recommended minimum. However, the nominal duration of the course should not be more than 25% of the recommended minimum.

### 2. Course Outcomes

Refer to the relevant Standard for Accreditation of courses. The course outcomes must reflect the industry/enterprise/ community needs, the level and the nature of the course.

### 3. Course Rules and Requirements

Refer to the relevant Standard for Accreditation of courses (CS and QS).

#### 3.1 Course Structure (may adapt the structure presented in the QS)

The course structure should ensure that the combination of Units of Competency and/or Modules provide training for the range of job functions and tasks from the competency standards.

Course structure may be presented in table format or as a combination of text and table, including guidelines on sequencing (pre-requisite, co-requisites), clustering and nominal hours.

- Outline the structure of the course and rules for completion. Course structure will reflect the intended skills and knowledge outcomes of the course and may be:
  - generic
  - industry sector specific
  - occupation specific and/or (specialized) job role specific - compulsory

**Course Structure  
for**

**National Skills Certificate in \_\_\_\_\_  
(NSQF Level \_\_\_\_\_)**

*Detailed Information on the UoCs to be successfully completed for the award of this national certificate should be identified.*

**3.1.1 Requirements for Award of the Qualification**

To be eligible for the award, the student should successfully complete the Units of Competency as required in the above table through:

**3.1.2 Exit Qualification**

*Any exit point from the course that provides for vocational or educational outcome should be identified.*

**3.1.3 Statement of Achievement**

*Indicate that only a Statement of Achievement will be issued for any unit of competency/module completed if the full qualification is not completed.*

**3.1.4 Reporting, Quality Assurance and Certification**

**3.2 Entry Requirements and Selection Criteria**

*Refer to the Qualification Standards*

**3.2.1 Entry Requirements (Refer to the relevant Qualification Standards)**

**3.2.2 Selection Criteria (refer to QS)**

**4. Assessment Rules and Requirements**

**4.1 Assessment Strategy**

**4.2 Recognition of Prior Learning (RPL)**

## 5.3 Workplace Assessment

### 5. Resources Rules and Requirements

(Accomplish the forms provided in the appendices)

Refer to the relevant Qualification Standards for the templates provided to accomplish this information.

#### 5.1 Physical Resources

Provide details of specialized facilities, tools and equipment essential for the delivery of the course.

- List of number of classrooms, laboratories, and workshops required for a class of 20 students.
- List of number of tools and equipment required for each classroom, laboratory, and workshop for a class of 20 students.
- Summary of the consumables and materials required for practice (e.g. Food, Chemical, Computer spares and parts) for a class of 20 students.

#### 5.2 Human Resources

State the minimum recommended qualifications and experience of trainers and support staff. Include training and experience relating to both skills competency / qualifications and competency-based training and assessment competency/qualifications and industry experience. Any recommended requirements must be justifiable and also meet the NQAF standards for Registration of Training establishments (Institutes / Training Centers) and accreditation for delivering nationally registered courses.

##### 5.2.1 Industry Experience (*Attach relevant portfolio*)

Teachers, trainers and assessors must have had at least 1 or 2 years of relevant industry experience and should keep abreast of the current technology through ongoing exposure to relevant practices in the industry

Teachers, trainers and assessors should also have current knowledge and awareness of access and equity issues relevant to students needs arising from a variety of factors including socio-economic status, disability status, ethnic background, race, family differences, sexual preferences and gender specific differences.

##### 5.2.2 Student Trainer Ratio:

01 Trainer: 20 trainees

##### 5.2.3 Support Staff:

- Include technical and administrative support staff.

#### 5.3 Learning Resources

Identify a list of teaching and learning resources required for offering the course.

- The list must include the text books, workbooks, in-house resource packs / customized trainee guidebooks, relevant national/industry standards, laws and regulations, manufacturer's instruction manuals, and audio, video and digital media (if any) included which are suitable for the students.

- In addition, additional reference books, audio, video and digital media and URLs of relevant websites, which could be used by teachers and gifted students must be included.
- The list must cover each Module / Unit of Competency (Subject) included in the course and emphasis the practical components of the training.
- APA (American Psychological Association) style of referencing is recommended for listing teaching and learning resources.

## **6. Ongoing Monitoring, Evaluation and Review**

Refer to the relevant Qualification Standard for accreditation of courses

1. Describe the monitoring and evaluation processes, which will be undertaken by the Skills Training Provider (College / Institute / Training Centre) offering the course and the Quality Assurance Body:
  - the relevance and current nature of the course (e.g. The mechanism for ensuring relevance and current nature of the course could include an active industry advisory committee and other ongoing networking and engagement with industry through work placement, industry visits, guest lectures, information on national skills shortage, international skills demand, global trends, current technology)
  - the quality of delivery of the course (e.g. students' feedback, staff feedback)
  - the quality of assessments leading to the award of the qualification (e.g. internal and/or external validation of assessment before and after assessment)
  - the quality of graduates (e.g. employment rate, employer satisfaction level)
